Countertop Induction Woks

Models: IRNG-WOKC-18, -30, -36

Built for the rigorous demands of commercial foodservice kitchens, Hatco's Countertop Induction Wok delivers powerful and precise cooking with unmatched efficiency. The induction coil wraps around the sides of the wok pan, ensuring fast and even heat distribution for various cooking methods including stir-frying and sautéing. Operators can easily fine-tune cooking temperatures with single-degree or single-percent adjustments. Additionally, the built-in timer and programmable menu functions offer flexibility for multi-stage recipes, including a warming stage to keep food ready for service.

Standard features:

- High-performance design with a durable glass-ceramic bowl built to withstand continuous, heavy-duty use
- One (1) induction-ready, carbon steel wok pan included
- Induction coil wraps the sides of the wok for rapid, even heating. Max temp up to 600° F (315° C)
- Precise control with 1% power adjustments, plus digital timer for automated cooking cycles
- Temperature control holding mode [70-200° F (121-93° C)] maintains food at ideal serving temperatures, helping preserve quality and freshness without overcooking or drying out
- Programmable menu function allows recipes with up to three timed steps, each at any power level
- Pan Sense Technology (PST) activates the unit only when a compatible pan is detected
- Withstands high ambient kitchen temperatures and has an energy-saving automatic shut-off to prevent overheating
- Built-in USB port allows operators to download recipes and easily upload them to other units, ensuring consistent cooking performance across multiple woks and operations
- Equipped with a 71" (1800 mm) cord with plug

IRNG-WOKC-36
with carbon steel wok pan
(included)

Accessories

- ☐ 14" (356 mm) Carbon Steel Wok Pan
- ☐ 14" (356 mm) Stainless Steel Wok Pan
