Notes & Details

Effortlessly transport foldable chairs throughout your restaurant, bar, banquet, or catered event with this Lancaster Table & Seating folding chair dolly. This dolly is designed to support as many as thirty-six metal or plastic Lancaster Table & Seating folding chairs. Altogether, this dolly is able to carry up to 500 lb. It's made of durable 17 gauge stainless steel to ensure that it has the strength to carry even your heaviest metal chairs and will stand up to rigorous everyday use.

This dolly features a black powder coated finish that allows it to have longevity in your establishment. It also comes with four 4" swivel casters made of soft rubber that are able to roll across any surface, including carpet. This dolly ships knocked down to provide you with shipping savings. Transporting your seats is an easy task with this dolly, so be sure to have it nearby for your crowded dining room or popular event!
