Notes & Details

Serve in style with this Lancaster Table & Seating 32" tray stand! This tray stand is an attractive alternative to metal tray stands, with an all-wood construction and sleek mahogany finish that will blend seamlessly into a variety of decors. Great for busy restaurants with high-traffic areas, this stand makes the ideal addition to your dining room service by holding large trays of food to free your servers' hands. To save time and hassle, this tray stand ships fully assembled.

Use this stand to serve appetizers, desserts, and drinks, or to facilitate cleanup at the end of the night! It features a space-saving folding design for simple transportation and out-of-the-way storage between shifts. It can be carried under a server's arm, then easily flipped open with one hand for instant service. The 32" height makes it ideal for use with standard height tables, while the turned leg design offers an enhanced presentation.

This tray stand includes two sturdy nylon straps, making it ideal for use with large, heavy trays of food and drink. To provide additional stability, it features non-slip bands to keep trays and tubs in place and avoid spillage. This Lancaster Table & Seating folding tray stand is a stylish and functional addition to your restaurant, buffet, or catered event!
