Notes & Details

Perfect for both indoor and outdoor use, this 30" x 60" heavy-duty plastic table from Lancaster Table & Seating provides exceptional versatility and durability! Thanks to its high-impact polyethylene construction, this table won't crack, chip, or peel as a result of routine use. The table is also stronger and more durable than wood, and it is easy to clean for added convenience.

This table is a fantastic choice for catered events in virtually any setting, including dining rooms, kitchens, offices, conference rooms, restaurants, and banquet halls. The sturdy powder-coated steel frame boasts 20 gauge steel legs and a 1 3/4" thick granite-colored top for a table that is as durable as it is attractive. Perfect for large gatherings, catered events, and parties, the table easily folds up for a compact, light weight solution to your storage and transportation needs!
