Notes & Details

Designed with durability and comfort in mind, this Lancaster Table & Seating Harbor gray outdoor arm chair is the perfect addition to your deck or patio dining area. This gray chair features a sturdy, powder-coated steel construction that's built for long-lasting use. Plus, the reinforced bar under the seat provides additional support. Boasting an ample 300 lb. weight capacity, this strong, stylish chair provides guests with a way to comfortably enjoy your signature drinks, appetizers, entrees, and desserts! The powder-coated frame offers rust resistance that will hold up in the elements, making it ideal for outdoor use.

While the mesh seat and full back provide superior comfort, the integrated, ergonomic armrests provide stability and make it easy for guests to sit down and stand up. Plus, the mesh material ensures that water won't pool on the seat, helping it to dry faster after washing, accidental spills, or bad weather. To keep this chair looking clean, simply wipe it down with a damp cloth and your preferred mild soap. Pair this chair with a gray Lancaster & Seating steel table (sold separately) for a complete dining set, or place it with a side table for a convenient seating option near your fire pit or outdoor bar.

This arm chair's simplistic style and rounded shape add a distinct visual appeal to any patio space, craft brew house, urban restaurant, upscale pub, or bistro dining area. Additionally, the light weight design allows you to easily move the chair wherever it's needed most! Its plastic glides protect floors from scuff marks and slide smoothly, helping to keep loud, unwanted noise to a minimum. With its stackable design, you can stack up to 6 chairs for easy, space-saving storage. To save you time and hassle, this chair ships fully assembled!
