## Plan View

## Notes & Details

Display your beautiful greenery with this Lancaster Table & Seating Marie indoor / outdoor planter. Crafted from light weight polyethylene with an 18 gallon capacity, this planter is not only durable but also low-maintenance and easy to transport, making it a perfect addition to your indoor or outdoor space. Its UV fade-resistant properties ensure that the white color will maintain its pristine appearance in outdoor settings, while the slender, oval shape provides a sleek, modern appearance.

This planter offers convenience and customization with optional drainage holes that can be easily drilled into the bottom of the planter, allowing you to tailor it to your plant's needs. It stacks up to 9 high, making storage a breeze and maximizing space efficiency. Whether you're a restaurant looking to create a welcoming outdoor dining area or a hotel aiming to enhance your lobby, this planter is a stylish and practical solution.
