Ensure your trash receptacle remains in top condition with the Lancaster Table & Seating 43 gallon black plastic liner. This liner is a direct replacement for the original liner that comes with select 86 gallon two-stream trash cans. Crafted from light weight yet durable plastic, this liner provides a reliable solution for waste disposal in commercial settings. Plus, the rectangular design offers a generous 43 gallon capacity. Equipped with convenient handles, this plastic liner allows for quick and easy disposal of trash, promoting efficient waste management practices. By using this compatible liner, you can maintain the integrity of your trash can and ensure a clean and organized environment.
