Notes & Details

Keep your space clean and welcoming with this Lancaster Table & Seating 86 gallon dark gray steel rectangular two-stream decorative waste receptacle. Made of durable steel, this unit is built to last. The rectangular design fits nicely into corners and blends well with any environment. Plus, its dark gray finish provides a sleek look for any setting.

This unit features 2 separate streams to make it easy for guests to sort their trash and recyclables. Plus, it comes with a galvanized steel panel to signal which stream is for recycling and which is for trash. Each section boasts a 43 gallon capacity for a total capacity of 86 gallons. Its covered top helps to contain and conceal the trash inside. This can includes an inner liner and convenient front door access to make cleaning the inside of the can easier. This trash can is a great option for indoor high-traffic areas such as lobbies, food courts, and universities.
