Lavex Pro 20" Corded Oscillating Rectangular Floor Machine with Buffing Pad and 4 Gallon Solution Tank - 3,500 RPM

Item #978LOFM20PROKIT

Technical Data

Power Cord Length	50 Feet
Amps	9 Amps
Hertz	60 Hz
Voltage	120 Volts
Cleaning Path Size	20 Inches
Features	With Solution Tank
Horsepower	1 1/2 hp
Pad Size	20 Inches
Plug Type	NEMA 5-15P
RPM	3500 RPM

Features

- 3,500 RPM cast aluminum pad driver boosts productivity to save time and money
- 14" x 20" rectangular path makes it easy to reach into corners
- Durable heavy-duty cast iron chassis
- Includes 5" non-marking ball bearing casters for portability
- Comes with a buffing pad and a 4 gallon solution tank

Certifications

5-15P

CSA

Technical Data

Power Type	Corded Electric
Shape	Rectangle
Solution Tank Capacity	4 Gallons
Style	Orbital
Type	Floor Machines
Wheel Size	5 Inches

Notes & Details

Keeping your floors clean and presentable at all times is made easier with the help of this Lavex Pro 20" corded oscillating rectangular floor machine. Whether you're cleaning a healthcare facility, airport, or retail establishment, this unit has the power to get the job done. It boasts a 3,500 RPM cast aluminum pad driver to boost productivity, allowing you to save time and money. This machine is ideal for scrubbing, spray buffing, stripping, and polishing.

This unit has a rectangular shape that makes it easy to reach into corners. It provides ultimate durability thanks to the heavy-duty cast iron chassis. This floor machine is easy to maneuver with the included 13 gauge steel handle, while simple transport is facilitated by the 5" non-marking ball bearing casters. This unit provides the ease of use necessary for operators to clean large areas with minimal fatigue. As an added bonus, a 50' power cord allows for an exceptionally large work area for operation.

For additional versatility, this machine comes with a buffing pad to make your floors look fresh and new. Due to its texture and density, this red pad is ideal for wet and dry floor buffing. Its color-coded design provides quick identification and distinguishability, so you won't have to worry about accidentally grabbing a pad with a different purpose. This machine also comes with a plastic solution tank to dispense cleaning solution while scrubbing. This tank holds up to 4 gallons of cleaning solution. This unit requires a 120V electrical connection for operation.

Kit Includes:

- 20" oscillating rectangular floor machine (Item 978LOFM20)
- 14" x 20" red buffing pad (Item 191770103410)
- 4 gallon solution tank (Item 978LPS4TK)
