- Dust control system reduces airborne particles during operation
- Easy and comfortable to maneuver with the adjustable floating handle
- Includes 5" non-marking ball bearing casters for portability
- 5 year limited warranty

Certifications

Lavex Pro

Technical Data

RPM	1500 RPM
Type	Floor Burnishers
Wheel Size	5 Inches

Notes & Details

Keeping your floors clean and presentable at all times is made easier with the help of this Lavex Pro 20" heavy-duty high speed dust-control burnisher with floating handle. Whether you're cleaning a healthcare facility, airport, or retail establishment, this unit has the power to get the job done. It operates at a high speed to quickly and easily burnish hard floors, resulting in a shiny, polished finish. The 20" pad size increases productivity by producing a large burnishing area. Plus, it has a dust control system to reduce airborne particles during operation.

This burnisher provides ultimate durability thanks to the heavy-duty aluminum chassis with a steel shroud. It is easy and comfortable to maneuver using the adjustable 13 gauge steel handle. Simple transport is facilitated by the 5" non-marking ball bearing casters. This unit provides the ease-of-use necessary for operators to burnish large areas with minimal fatigue. As an added bonus, a 50' power cord allows for an exceptionally large work area for operation. This unit requires a 120V electrical connection for operation.
