Certifications

Notes & Details

Perfect for banquets and catering operations of any size, the Regency 22" x 22" x 7 1/2" aluminum glass rack dolly makes it easy to move racks of glasses both quickly and easily. This versatile dolly holds standard 20" x 20" glass racks for effortless transport and storage. The unit boasts a one-piece aluminum construction and it can hold up to 880 lb. of evenly distributed weight to withstand high volume use in any environment. This dolly features a welded construction and ships fully assembled, so you can start using it right away!

Your floors will especially benefit from the 5" non-marking casters, and the operator will appreciate their smooth design to make moving the rack even more efficient and speedy when navigating through a room full of tall racks storing dishes and glasses. Even when used as stationary storage for unused glasses, the dolly will help you save space and be ready to roll whenever you need! Capable of holding 20" x 20" racks, the Regency glass rack dolly will be a welcome addition for your catering and serving staff.
