- Contains cold side ceramic cartridge
- Compatible with 600PRA, 600PRW, 600PRD, and 600FMS86 series faucets

Certifications

Notes & Details

This Regency cold faucet body / add-on cartridge is a direct replacement for the one that came standard on your pre-rinse or mop sink faucet. It can also serve as an add-on cartridge to a pre-rinse faucet. This faucet body contains a cold side ceramic cartridge, and it's compatible with 600PRA, 600PRW, 600PRD, and 600FMS86 series faucets purchased 2023 and later.

This unit includes a ceramic cartridge, which provides a much lower fail rate than the compression cartridges widely used in the industry. In this design, 2 ceramic discs fit together to create a watertight seal when closed. This removes the need for a rubber seat washer, which is one of the most frequently replaced parts on a faucet.
