- Compatible with 600PRD and 600FMS86 series faucets

Certifications

Notes & Details

This Regency hot faucet body cartridge is a direct replacement for the one that came standard with your select faucet. This faucet body contains a hot side ceramic cartridge, and it's compatible with 600PRD and 600FMS86 series faucets purchased 2023 and later.

This unit includes a ceramic cartridge, which provides a much lower fail rate than the compression cartridges widely used in the industry. In this design, 2 ceramic discs fit together to create a watertight seal when closed. This removes the need for a rubber seat washer, which is one of the most frequently replaced parts on a faucet.
