Notes & Details

Maintain safe and sanitary floor conditions in your busy back-of-house area with this Regency floor trough and drain strainer basket. Pipe blockages can easily become a costly and unhygienic issue in any high-volume facility. However, this handy item is built for optimal dependability, not to mention longevity! Designed for use with Regency floor troughs, sinks, and water receptacles (sold separately), this strainer basket is more than a match for all of your draining needs!

Featuring a durable 14-gauge, type 304 stainless steel construction, this item is bound to withstand the wear and tear of everyday use. Not only is it made to prevent your drain from clogging, capturing large food scraps and other debris before they go down your floor trough, but also it is easy to remove for quick and convenient cleaning thanks to its sturdy, built-in handle. Perfect for new sinks or water receptacles that are missing drain strainers, this item is an excellent addition to any facility that needs to keep its space in ultimate order.
