Notes & Details

Create a convenient water filler station in your business using this Regency glass filler station drip pan with backsplash! This pan has a 1 1/2" IPS drain and is designed for use with Regency countertop glass fillers (sold separately). Simply mount this pan to your countertop, mount your compatible glass filler in the pre-punched hole, and you're good to start filling water glasses without fear of making a mess! Made with high-quality 18 gauge stainless steel for outstanding durability, this product is made to withstand daily wear and tear in high-traffic establishments. The drop-in grid provides a convenient platform for your glassware or tumblers. Plus, it comes with a splash guard to contain splashes or spills, which helps keep your workspace clean, sanitary, and mess-free! Additionally, this drip pan is easy to install for a hassle-free user experience!
