

Regency Open Powder-Coated Steel Hose Reel with 30' x 3/8" Hose

#600HRPC30NS

Technical Data

Length	14 1/2 Inches
Width	6 7/16 Inches
Height	16 5/16 Inches
Hose Length	30 Feet
Hose Interior Diameter	3/8 Inch
Application	Air Water
Color	Black Blue
Features	Corrosion-Resistant

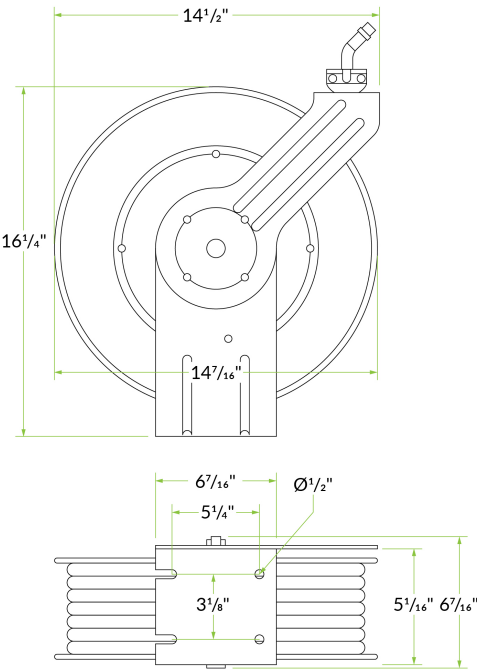

Features

- Corrosion-resistant, powder-coated steel reel houses 30' hose
- Adjustable guide arm ensures precise control
- Multi-position locking ratchet allows for locking at preferred length
- 4 non-snag direction rollers reduce hose wear abrasion
- 6 1/2" wide L-shaped base has groove reinforcement to ensure stability

Technical Data

Included	Hose
Inlet Size	3/8 Inch
Material	Powder Coated Steel
Maximum Pressure	300 PSI
Maximum Temperature	140 Degrees F
Minimum Temperature	-4 Degrees F
Mounting Style	Surface Mounted
Pressure	Low
Return Style	Retractable
Style	Open
Type	Hoses Reels

Notes & Details

Equip your business with the Regency open powder-coated steel hose reel with a 30' hose! With a multi-fit bracket, the base is built to mount on a wall, ceiling, or floor for convenient access in janitorial locations and commercial kitchens. Highly versatile, this spring-driven hose reel can be located precisely where you need it. This compact reel is designed for water and air applications to give you ultimate functionality within a space-saving design. The hose features a 3/8" inner diameter, and it is housed on a powder-coated, corrosion-resistant steel reel for durable, long-lasting use.

The L-shaped base has groove reinforcement to ensure stable use, while the adjustable guide arm offers multiple positions to fit a variety of needs. This allows for easier field adjustment and more precise control. This reel also has four non-sag direction rollers that reduce wear to maintain the integrity of the low-pressure 30' rubber hose. The multi-position release ratchet spring allows you to lock the hose at your preferred length so you can service every area needed without compromising the location. This unit has a 3/8" inlet and outlet, and it is rated to 300 PSI.
