

Regency Powder-Coated Steel Swivel Mount for Hose Reels

#600HRSM

Technical Data

Color	Black
Finish	Powder-Coated
Material	Steel
Type	Brackets

Features

- Corrosion-resistant, powder-coated steel construction
- Mounted hose reels effortlessly swivel through various positions for versatile use
- 140-degree pivot radius increases hose reach

Notes & Details

Use this Regency powder-coated steel swivel mount to effortlessly store your hose reel! The swiveling functionality allows hoses to move through a range of positions for increased versatility, with a 140-degree pivot radius that optimizes hose reach. Plus, the powder-coated steel construction is durable and corrosion-resistant for use anywhere that a hose is needed.
