Notes & Details

Keep your storage area organized with the Regency 24" x 48" x 96" NSF black epoxy stationary wire shelving starter kit with 6 shelves. This kit includes (4) 96" stationary posts, (6) 24" x 48" shelves, and (24) pairs of split sleeves. This versatile unit allows you to create a convenient storage solution for your janitorial closet, warehouse, or walk-in cooler. For maximum versatility, the black epoxy coating allows for use in either dry or moist environments, making the unit a multipurpose investment that's sure to accommodate your ever-evolving needs. Plus, because the coating is black, it's subtle and professional, perfect for office settings or for merchandising applications and front-of-house sales. This unit's high-quality design is commercial-grade and delivers the reliable performance every business expects and needs.

Each shelf features a wire construction, which allows for proper airflow around the stored supplies, products, or ingredients. They're adjustable, too; since the posts are marked in intervals and use a split sleeve system of assembly, the shelves are easy to move higher or lower along the posts. This is especially great for expanding businesses that may not have finalized their product offerings.

This shelving unit comes with (24) pairs of split sleeves, and each shelf accommodates up to 600 lb. of weight. Likewise, a foot is provided for each post and must be used for proper installation. Mix and match with Regency accessories (sold separately) to personalize your kit! The shelving unit requires assembly.
