Notes & Details

As part of the Regency Space Solutions' wire shelving collection, this 21" x 24" black epoxy-coated wire shelf is ideal for use in a wide array of applications. Its sleek black color and simple, classic design make it great for use in retail environments and dry storage. The epoxy coating is suitable for use in all environments, including moist and humid conditions, making it perfect for refrigerators, freezers, and ware washing areas.

When combined with additional shelves, posts, and accessories (sold separately) this Regency shelf is capable of holding up to an impressive 600 lb. of evenly distributed weight. Boasting a durable zinc-plated metal construction with a black epoxy coating, it ensures maximum longevity. Its high-quality design is commercial-grade and delivers the reliable performance every business expects and needs. Use this shelf to enhance your storage space!
