Notes & Details

Maximize space in your establishment with this Regency 24" black epoxy triangle shelf! Designed to fit into corners, this shelf is a great way to make use of space that may be otherwise left empty. Measuring 34" across from the widest end of the shelf to the right angle corner and 24" on the sides, each triangle shelf provides plenty of space for holding an array of items.

This shelf is made from steel with a black epoxy coating, and is great for use in dry storage, retail display, and moist environments like walk-in coolers. Includes 3 pairs of split sleeves. This shelf is compatible with Regency posts.
