Notes & Details

Store and display items in your grocery store, retail store, or hardware store using this Regency 18" x 36" chrome mobile 5 basket retail storage display stand! This convenient basket display provides ample storage for bulky items. It has baskets with slanted sides to show off your product better than traditional baskets, making your product more inviting to grab. This storage basket display can also be used to store impulse items, overstock items for quick selling, or low dollar items.

This unit features 5 storage display baskets with a drop front and sloped sides to help prevent your products from falling out. With an open wire design, these shelves ensure proper airflow around your stored supplies, products, or ingredients. They're adjustable, too; since the posts are marked in intervals and use an included split sleeve system of assembly, the shelves are easy to move higher or lower along the posts. Each shelf can hold up to an impressive 300 lb. of evenly distributed weight, making it the perfect place for storing bulk ingredients and heavy supplies.

A set of (4) 5" stem casters is included for easy mobility, and each caster features a brake to ensure secure, stationary use. Plus, with the inclusion of (4) 3 1/2" donut bumpers, you can be sure your walls and doors will be protected in case of a collision. With its high-quality, commercial-grade design, this unit is sure to deliver the reliable performance every business expects and needs!
