Notes & Details

The Regency 18" x 36" chrome shelf basket is a great way to store or transport items without the fear of things falling off! This basket fits onto your shelving unit in place of a traditional flat shelf and is 4 1/2" deep to securely cradle an array of items. Its tapered design is narrower toward the bottom to fit perfectly on a mobile or standard shelving units, and may also be used as part of a cart.

This shelf basket is made of a durable, chrome-plated metal and is great for use in dry storage and heated environments. This basket is compatible with Regency posts, casters, 18" shelves, and handles. Each basket purchased comes with four pairs of split sleeves that are used to attach the basket to its compatible posts (sold separately).
