Notes & Details

Give guests a convenient place to store coats and other accessories before dinner or a show with this Regency 24" x 48" x 70" mobile garment rack! It features a 48" long garment tube that offers plenty of space for jackets, while the (3) 24" x 48" shelves provide ample room for handbags and other personal items. This unit is also a welcome addition to employee breakrooms and waiting rooms.

Thanks to the 5" casters, the rack can be easily set in a lobby prior to an event, stored in a closet during the event, and rolled back out at the end. It can even be used as a valet cart in hotels, allowing easy delivery of laundered shirts, robes, and other essentials. This garment rack is built tough for long-lasting performance and boasts a sleek chrome finish that looks great, too.
