Notes & Details

Step up your storage game with this 18" x 22" x 12" black plastic step stool / aisle display. This plastic step stool brings versatility to your storage space as it can be used to access products at high heights, or it can be used as a display. Either way, it helps ensure your establishment maintains an orderly storage system. This step stool is constructed of heavy-duty polyethylene that won't crack, chip, rust, bend, or break, and it offers smooth edges to reduce the chance that your bags and products will rip or tear open.

With a 12" height, this stool far exceeds the 6" HACCP requirement for food storage, and it offers antimicrobial protection. It also features open sides to make cleaning under it fast and easy. This step also has a ribbed, 12" x 16" non-skid top so you won't have to worry about slipping off when in use. It boasts an ample 750 lb. capacity so it can hold a variety of heavy items. This stool ships fully assembled so you can use it right away!
