Plan View

This pass-through shelf is made of durable type 304, 16 gauge stainless steel for the shelf and features a 1 1/2" sanitary rolled front and back edges with square ends. As a result, it makes for a reliable, long-lasting storage solution perfect for business applications. The classic stainless steel finish on this shelf and its sleek design makes it an excellent option for your restaurant, ensuring that it will blend in with any decor. Designed for a wall that is 12 1/2" thick or less, this shelf includes 6 cantilever brackets to simplify installation and allow you to install the shelf where you want it. For added convenience, the hardware is included to mount the brackets to the shelf. The wall mounting hardware is sold separately.
