Certifications

Certified by NSF

Technical Data

Stainless Steel Type	Type 304
Style	Tubular Vented
Type	Components

Notes & Details

To safely store your heaviest ingredients and other products, look no further than this Regency Spec Line 18" x 24" stainless steel heavy-duty dunnage shelf with wire mat! The rugged stainless steel square tubing combines with a wire mat to give you a perfect storage solution for walk-in coolers, warewashing areas, stock rooms, and other humid or dry environments. It provides the same airflow benefits as wire shelving but with greater strength for heavier storage.

Made of durable type 304 stainless steel, this high-quality shelf is commercial-grade and corrosion-resistant, making it ideal for use in wet or dry storage environments. With an 800 lb. capacity, this shelf allows you to confidently store your heaviest bags of potatoes, popcorn kernels, flour, as well as ice cream tubs, cleaning products, and other hefty supplies. For added convenience, the wire mat can be removed for a simple yet thorough cleaning.
