Notes & Details

Ensure convenient access to your commercial bar blenders with this Regency Spec Line blender shelf! This blender shelf attaches to the front of compatible Regency Spec Line sinks and ice bins (sold separately) to provide steady support for your blenders within close proximity to your supply of ice and beverage ingredients. In addition, it keeps your blenders at the perfect working height for comfortable use.

With a durable 16 gauge type 304 stainless steel construction, this blender shelf is designed to endure use in your commercial bar environment! For added convenience, this shelf comes equipped with a duplex electrical outlet that is hidden underneath. A pre-cut hole fitted with a grommet allows convenient access to plug in blender power cords and keep them tucked away out of sight. This shelf has a weight capacity of 62 lb. and includes all hardware necessary for installation.
