Notes & Details

Enhance safety and sanitation while improving the quality of your speed rails by adding this Regency Spec Line speed rail cover to your setup. This cover is designed to fit snugly onto your 36" Regency double tier speed rail beneath your countertop to protect your liquor when your bar is closed. It is easy to install and comes with a padlock and two keys to keep your rail secure. The heavy gauge type 304 stainless steel construction of this cover is easy to clean and corrosion-resistant, making it perfect for your busy bar.
