Notes & Details

Keep ice right where you need it, when you need it, with this Regency Spec Line underbar ice bin. Its compact height makes it ideal for underbar use at your bar, pub, club, or restaurant. Featuring a 20 gauge, corrosion-resistant type 304 stainless steel design, it is extremely durable and easy to clean. It rests atop stainless steel legs with U-shaped cross bracing and bullet feet for ultimate stability. A 1" IPS drain pipe safely drains melted ice water from the unit, so you're only left with solid pieces.

With its 56 lb. ice capacity, this heavy-duty bin holds plenty of ice to keep your operation going, customer after customer. To keep your bar protected from potential water damage, this ice bin is built with a tall 7" backsplash. The foam insulation helps keep this ice bin's contents cool, saving you money by wasting less ice. As an added bonus, it includes two plastic bottle holders with removable dividers to keep your drinks or mixers nice and cold throughout your busy shifts. Perfect for full bar line builds, this underbar ice bin features rivet holes for attaching accessories or joining equipment for a seamless behind-the-bar bar setup!
