Notes & Details

Effectively store liquor bottles within convenient reach of the bartender while creating a unique display for customers with this Regency Spec Line liquor display rack! At 29" deep, this rack accommodates approximately 15 liquor bottles and, thanks to the stepped five-tiered design, all bottles are clearly on display at all times. Plus, with superior sound-deadened construction, removing and adding bottles is quieter than ever!

Built for reliable, long-lasting performance, this Regency liquor display rack features an 18 gauge type 304 stainless steel body with 14 gauge stainless steel sides. That not only makes for a durable addition to your bar setup, but also one that is extremely simple to clean! 16 gauge steel bars hold bottles in place for added assurance. The stainless steel legs with U-shaped cross bracing provide added stability and rest upon plastic bullet feet.
