Notes & Details

This premium Regency Spec Line three compartment commercial sink is the perfect addition to your establishment! This sink is ideal for setting up a washing, rinsing, and sanitizing station. It's constructed from superior quality, 14 gauge, type 304 stainless steel, making it more corrosion-resistant and durable than other sinks made from thinner, 16 gauge material. Each sink bowl measures 24" x 24" x 14", making it perfect for full line bar builds. It features a stainless steel front apron and two 24" drainboards, so you can easily wash and dry dishes and utensils in one convenient location. Plus, this sink has rolled edges and a tall, 11" backsplash, which helps prevent splashes and overflow.

To ensure proper drainage, this sink comes with three 3 1/2" basket drains with strainers. These drains catch food debris, preventing them from clogging. Additionally, this sink sits on four stainless steel legs, which feature adjustable stainless steel bullet feet to accommodate uneven floors. The stainless steel legs provide your sink with a solid, reliable foundation to rest upon, so you always have somewhere to wash, rinse, and sanitize dirty dishes. Additionally, this sink features front-to-back and left-to-right cross bracing for maximum stability and rivet holes for adjoining equipment or attaching accessories (both sold separately). Ideal for heavy-duty use, this Regency sink is sure to meet all your high-volume warewashing needs.
