

Regency Aluminum Joint Socket with Two Connections
#600AJS2

Technical Data

Length	3 Inches
Width	3 Inches
Type	Brackets and Hardware Mechanical Parts

Features

- Made of durable aluminum
- Connects cross bracing to equipment legs
- Connection points for two cross braces

Notes & Details

Replace a broken or missing joint socket with this Regency aluminum joint socket with two connections! Designed to help make sure your stainless steel work table or compartment sink is stable and steady, this joint socket connects to a leg of the equipment and allows ends of two cross braces to be locked into place with set screws.
