Notes & Details

This standard-duty Regency underbar sink with drains comes standard with both left- and right-side 13" drainboards for efficient washing and drying of your barware. The two deep, 10" sink bowls accommodate all types of glasses, including pitchers! As an added convenience, it features a 3" high backsplash to keep your bar better protected. Thanks to the two holes punched on 4" centers, you can pick virtually any wall-mount faucet that meets your needs, whether it be rigid or swivel, or with a swing or gooseneck nozzle!

This sink offers a durable 18 gauge, type 304 stainless steel construction along its top, bowl, and back, in addition to a 20 gauge, type 304 stainless steel apron. For maximum stability, it has 16 gauge galvanized steel legs with plastic bullet feet. Two 2" drains with 1 1/2 IPS drain connections and drain baskets allow water to drain safely during use.
