Notes & Details

This standard-duty Regency underbar sink comes standard with two 13" drainboards for efficient washing and drying of your barware. The two deep, 10" sink bowls accommodate all types of glasses, including pitchers and tall glasses. As an added convenience, it features a 3" high backsplash to keep your bar better protected. Thanks to the two holes punched on 4" centers, you can pick virtually any deck-mount faucet that meets your needs, whether it be rigid or swivel, or with a swing or gooseneck nozzle!

This sink offers a durable 18 gauge, type 304 stainless steel construction along its top, bowl, and back, in addition to a 20 gauge, type 304 stainless steel apron. For maximum stability, it has 16 gauge galvanized steel legs with plastic bullet feet. Two 2" drains with 1 1/2 IPS drain connections and drain baskets allow water to drain safely during use.
