Notes & Details

This standard-duty Regency underbar sink is designed for a standard wash, rinse, and sanitize operation. It comes with two large, 19" drainboards for efficient washing and drying of your barware. The deep, 10" sink bowls accommodate all types of glasses, including pitchers! As an added convenience, it features a 3" high backsplash to keep your bar better protected from accidental spills. Thanks to the two holes punched on 4" centers, you can pick virtually any wall-mount faucet that meets your needs, whether it be rigid or swivel, or with a swing or gooseneck nozzle!

This sink offers a durable 18 gauge, type 304 stainless steel construction along its top, bowls, and back. For maximum stability, it has 16 gauge galvanized steel legs with plastic bullet feet. Three 2" drains with 1 1/2 IPS drain connections and drain baskets allow water to drain safely during use.
