Notes & Details

Keep your countertops and floors clean in your bar or club with the help of this Regency beer drip tray. This product provides the perfect spot for bartenders to set drinks before serving to catch any overflow and prevent drips and spills before they reach the surrounding surfaces. This ensures the utmost safety by minimizing the risk of your bartenders or customers slipping on the wet floor. This drip tray features a surface mount design that provides a secure, stable platform for filled glasses.

Made with 18 gauge, type 304 stainless steel, you can expect a tough and durable composition, as well as the benefit of being non-corrosive. This product even includes a louvered, removable perforated top grate for quick and easy maintenance in high-traffic establishments and a threaded 3 1/2" x 5/8"-18 brass drain that allows liquids to flow out of the rail, preventing overflows onto the floor or counter. Perfect for catching beer overflow and foam, equip your bar or event with this beer drip tray to keep your space sanitary and up to code!
