Notes & Details

Enhance the space of your washing area or add a washing, rinsing, and sanitizing station with this Regency 16-gauge 7' soiled / dirty dish table with 3-compartment sink. This table is made of 16 gauge type 304 stainless steel for long-lasting durability and has (3) 16" x 20" x 14" sink bowls with 1 1/2" IPS waste drains. Plus, this unit is supplied with 1 1/8" holes for the installation of a faucet (sold separately). This dish table is ideal for restaurant and hotel dishwashing stations.

It also has a 10 3/4" backsplash to protect your walls from water damage and impact from warewashing racks and a 2" return on the sides to help contain excess water that drips from your dishes and aid in draining. This dish table has a straight design, a drainboard on the right side, and is made to attach the lip to your dishwasher (sold separately). The 1 5/8" diameter stainless steel legs come equipped with welded cross-bracing to provide additional support for heavily loaded dish racks.
