- Great way to increase usability of utility sinks

Notes & Details

This Regency 21" x 24" detachable drainboard instantly increases the usability of your economy utility sinks. Easy-to-install, it attaches to the side of your sink with 2 stainless steel fixed tubing braces for additional stability. Made of durable 18 gauge, type 304 stainless steel, this board is built to last. With the addition of this drainboard, you'll keep your counter space clutter free while maximizing the space in your kitchen.

To prevent water from dripping onto the floor, this attachment is designed with turned up 2" hemmed edges along its sides and ends to keep your work environment safe and hazard free. Plus, the sloped design directs water into the sink for proper drainage. For added versatility, this drainboard is detachable so you can add it on to your sink when needed and it keep it in storage when it's not in use. A simple solution, this drainboard is perfect for any kitchen!
