Notes & Details

Outfit your facility with a long-lasting sink with this Regency 86" two compartment commercial sink. It's constructed from high-quality, 16 gauge, type 304 stainless steel, making it more corrosion-resistant and durable than other sinks made from thinner, 18 gauge, type 430 stainless steel. This sink features two sturdy 18" drainboards so you can easily wash and dry dishes and utensils in one convenient location. It's dipped a minimum of 1/4" to facilitate better drainage, and the welded construction contributes to the long-lasting use and overall strength of this sink / drainboard combo.

The 24" x 24" x 14" sink bowls are die-stamped to a minimum of 1/4" to ensure proper drainage. Plus, each bowl includes a 3 1/2" basket strainer to catch food debris, which prevents the drain from clogging. For easy cleaning, each compartment has rounded corners so you can rinse and wipe down the sink.

A 9" tall backsplash is included and comes complete with two 1 1/8" diameter holes punched on 8" centers to accommodate a faucet (sold separately). This sink also includes a 1 1/2" raised rolled edge, which is 2" tall on the front and both sides to contain splashes and overflow. This model has 1 5/8" galvanized steel legs and adjustable plastic bullet feet to keep the sink level and stable. Designed for medium-duty use, this Regency sink is ideal for most restaurants.
