Notes & Details

This versatile Regency three compartment commercial sink offers you the divided bowls that you need to efficiently clean your dishes at an affordable price! This sink's three compartments allow you to conveniently complete the entire dishwashing process - washing, rinsing, and sanitizing - within the same unit. Ideal for any establishment, its multipurpose functionality and durable design will go a long way in your commercial kitchen.

Made of 16 gauge, type 304 stainless steel for long-lasting durability and exceptional corrosion resistance, and supported by 1 5/8" galvanized steel legs, you can always be sure that your sink is stable and ready for use. Each sink bowl measures 17" x 17" with a 12" depth to hold water, sanitizer, and dishes while three 3 1/2" basket strainers prevent scraps of food from clogging your plumbing. For sanitation, the coved corners of the sink bowls allow for fast and easy cleaning.

A 10 3/4" high backsplash is included to keep your walls dry. The 2 1/2" raised rolled edge provides comfort and helps contain splashes and overflow. Adjustable plastic bullet feet allow you to level the sink on uneven flooring for sure stability, and precut holes are drilled into the backsplash on 8" centers for your wall-mounted faucet (sold separately). Designed for medium-duty use, this Regency sink is ideal for most restaurants.
