Notes & Details

Complete your commercial kitchen's prep area with this Regency 30" x 72" stainless steel work table with sink! Combining an easy-to-clean, 16 gauge type 304 stainless steel top with a 12" deep sink on the right side, this unit is designed to streamline your workflow for maximum efficiency and convenience. With its integrated 16" x 20" sink, this unit allows you to easily rinse ingredients as you are completing other tasks on the table's work surface. Its 12" deck mounted swing faucet with 4" centers provides excellent clearance, and the included 3 1/2" drain basket has a 1.5" IPS Drain connection and helps collect excess waste particles to eliminate the possibility of clogging. Plus, a 4" backsplash protects your walls from splashes and spills while also preventing items from falling behind the table.

For unparalleled stability, this work table features stainless steel bullet feet and leg sockets that allow you to place the table on uneven floors. Its open base design allows you to roll bins or store equipment underneath. Plus, the unit is supported by stainless steel legs with cross bracing and hat channels, providing a solid foundation and long-lasting reliability.
