Notes & Details

Add valuable countertop work space to your kitchen with this commercial open base 30" x 96" work table. Constructed from durable, easy-to-clean 16-gauge 304-series stainless steel, it is thicker and sturdier than 18-gauge work tables. Plus, it is corrosion-resistant and especially suited for damp environments to ensure a long service life.

Boasting a maximum weight capacity of approximately 800 lb. and a working height of 34", this work table will provide dependable space for food preparation and other tasks within your commercial kitchen. Its open base allows you to easily store ingredient bins or equipment underneath. For additional stability and even weight distribution, this open base commercial work table features 1 1/4" diameter stainless steel bracing and six 1 5/8" diameter tubular stainless steel legs with adjustable bullet feet.
