Type	Bar Sinks
Water Inlet Size	1/2 Inches

Notes & Details

This standard-duty Regency underbar sink is designed to allow two employees to work at the sink simultaneously and includes two 19" drainboards for efficient washing and drying of your barware. They feature a grooved surface to help hold onto your barware as the excess water drains downward into the sink. This can greatly increase the efficiency at your bar! The deep 10" sink bowls accommodate all types of barware, including pitchers! As an added convenience, it features a 3" high backsplash to keep your bar better protected from accidental spills.

This sink offers a durable 18 gauge, type 304 stainless steel construction along its top, bowls, and back. For maximum stability, it has 16 gauge galvanized steel legs with plastic bullet feet. This sink includes two faucets with two 1/2" NPS inlets and 8" swing spouts that release water through a 2 GPM aerator, creating a soft flow pattern with minimal splashing. This unit features four 2" drains with drain baskets included.

Kit Includes:

- 72" x 18 3/4" four bowl underbar sink with two drainboards
- (2) Wall-mount faucet with 8" swing spout
