Notes & Details

This ServIt 423ST2B1SC self-service 2-sided sneeze guard is a perfect companion for 2-pan steam tables. Sneeze guards like this one are designed to enhance safety when serving food, as the acrylic shield design creates a barrier between your food and the people viewing and serving it. This reduces the chance for foodborne illness to spread and keeps your employees and customers healthy! It features a 2-sided design that's perfect for buffet setups and self-serve applications, and a buffet canopy covers the top. Mounting hardware is included, and compatible steam tables will have pre-drilled holes to make installation a breeze.
