CERTIFICATIONS

Certified by NSF

Notes & Details

This ServIt 423ST3TSDS solid drop down side tray slide is a perfect companion for 3-pan steam tables. Tray slides like this one give customers and employees a place to set down trays and plates while they get their food, preventing the spills and broken dinnerware that can occur from having to hold these items while serving. It features a drop-down, solid design that can be folded up when not in use, and it is made from stainless steel for easy cleaning and added durability. Mounting hardware is included, and compatible steam tables will have pre-drilled holes to make installation a breeze.
