Notes & Details

Quickly wrap and store food in your grocery store, deli, or restaurant with this VacPak-It PWM1318 pizza and deli film wrapping machine. This unit features a 6" diameter disc which is perfect for pizzas up to 13", deli trays, or other items. It provides an air-tight seal for your wrapped food to preserve freshness. Perfect for fast-paced applications, the plate is heated to provide dependable warmth for effortless sealing.

This wrapping machine's aluminum and stainless steel construction ensures long-lasting durability. The aluminum outer ring stays cooler for safety, and large rubber feet provide stability during use. You can control the temperature by using the Low, Medium, and High settings for sealing your pizzas, and the removable bottom tray makes it easy to clean up and dispose of crumbs at the end of a shift. This unit requires a 115V electrical connection for operation.
