Type	Type	Dispensers

Notes & Details

Enhance the cleanliness and efficiency of your commercial restroom with the Waterloo automatic deck-mounted tall chrome soap dispenser with foam spout. Crafted with durable brass shank construction, this soap dispenser is built to withstand frequent use in high-traffic environments. The hands-free automatic design promotes hygiene by minimizing contact with the dispenser, reducing the spread of germs. Its sleek chrome finish adds a modern touch to any restroom decor, while the included AC adapter, control module, and refill bottle make installation and maintenance a breeze.

Designed for use with foaming soap (sold separately), this dispenser delivers a luxurious foam soap experience that is both effective and economical. Perfect for restaurants, hotels, offices, and other commercial settings, this Waterloo soap dispenser provides a convenient and sanitary solution for hand hygiene. Upgrade your restroom facilities with this reliable and stylish soap dispenser to ensure a clean and welcoming environment for your customers and employees.
