Connections

- a** 1/2" NPT Inlet
- b** 3/8" NPT Female Inlet

Notes & Details

This Waterloo pre-rinse add-on faucet base is a perfect replacement for the one that came with your Waterloo pre-rinse unit, or you can use it to easily add versatility to a pre-rinse without an add-on faucet. It installs above the faucet base and has an outlet to accommodate a Waterloo faucet spout (sold separately), which gives you the flexibility to install a spout of your choice. Add-on faucets are perfect for filling up sink compartments to complete your warewashing tasks. They are also great for mixing up cleaning solutions in sanitation pails.

The top has a 3/8" NPT female connection to let you easily attach the pre-rinse faucet riser.
